BARAA SAEED OMAR

DATA ANALYST | TRANSLATOR

Cairo, Egypt • +20 110 167 5891 • saiedbaraa49@gmail.com • LinkedIn • Portfolio •

PROFESSIONAL SUMMARY

Analytical Data Analyst with expertise in Python, SQL, Power BI, Advanced Excel, and automated data pipelines. Leverages a strong background in B2B client operations, research, and technical translation to extract actionable metrics, build dynamic dashboards, and perform exploratory data analysis for cross-functional stakeholders.

TECHNICAL & PROFESSIONAL SKILLS

Programming & Databases:	Python, Pandas, NumPy, Matplotlib, SQL, MySQL, PostgreSQL, Relational Databases, CTEs, Joins, Aggregations, Subqueries
Analytics & Data Engineering:	Data Pipelines, Data Cleaning, Data Transformation, Data Validation, Exploratory Data Analysis (EDA), Data Hygiene, ETL Processes
BI & Visualization Tools:	Power BI, DAX, Data Modeling, Star Schema, Microsoft Excel (Advanced, Pivots, VLOOKUP, INDEX/MATCH), Power Query, Google Sheets, Dashboarding
Data Analysis Concepts:	Descriptive Analytics, Predictive Analytics, Statistical Sampling, Trend Analysis, KPI Tracking, Market Research
Soft & Business Skills:	Analytical Problem Solving, Structured Thinking, B2B Communication, Stakeholder Management, Dynamic Collaboration, Technical Translation, Attention to Detail

PROFESSIONAL EXPERIENCE

Freelance Data Analyst | *Remote* May 2026 – Present

- Executed Python (Pandas) scripts and SQL queries to perform ETL processes, data cleaning, and data validation across 10+ unstructured datasets (100k+ rows), cutting data inconsistencies by 30%.
- Built dynamic Power BI dashboards leveraging DAX measures, Star Schema data modeling, and KPI tracking to deliver visual analytics for remote clients.
- Utilized exploratory data analysis (EDA) and predictive analytics techniques to uncover revenue trends, translating raw data into actionable market research reports.

Data Analysis Trainee | *Digilians* May 2026 – Present

- Applied data analysis workflows using PostgreSQL, Power Query, and Advanced Excel across E-commerce and HR datasets.
- Engineered automated data pipelines and reporting templates in Power BI, reducing manual dashboard generation time by 25%.
- Presented analytical findings and KPI metrics during executive reviews, facilitating cross-functional stakeholder decision-making.

B2B Translator & Communications Specialist | *Cairo, Egypt* July 2025 – Present

- Directed dynamic bilingual (Arabic/English) business communication for foreign corporate client accounts with 100% documentation accuracy.
- Conducted comprehensive market research and structured reporting to support strategic B2B client relations and management decisions.

KEY PROJECTS

E-Commerce Sales & Customer Insights Dashboard | *Power BI, SQL, MySQL, Advanced Excel*

- Extracted and aggregated 50,000+ transaction records using complex SQL queries (JOINs, GROUP BY, CTEs, Subqueries) and built automated data pipelines.
- Engineered a dynamic Power BI data model with DAX metrics to assist stakeholder management in evaluating customer retention and MRR.

Exploratory Data Analysis: Customer Retention Analytics | *Python, Pandas, NumPy, Matplotlib*

- Conducted analytical research on customer behavioral patterns using Python (Pandas, NumPy) to pinpoint churn factors and perform statistical sampling.
- Delivered structured visual reports using Matplotlib to optimize dynamic marketing outreach and stakeholder communication.

EDUCATION

Bachelor's Degree in Languages & Translation

Faculty of Arts, Languages & Translation

Beni Suef, Egypt | Graduated: 2025

LANGUAGES

- **Arabic:** Native
- **English:** Full Professional Proficiency (C1)
